## Support MOKA during the COVID-19 Outbreak

During this COVID-19 outbreak, we are taking steps to safely support the individuals we serve, and protect the direct care staff that care for them. Our direct care workforce cannot work remotely from home and they care for an extremely vulnerable population. We are working on relocating the employees from closed service lines to support our residential homes.

For the individuals MOKA supports we are following all safety recommendations from the CDC. Our homes remain dedicated to providing quality care along with ensuring the health and safety of the individuals served. Residential services continue to operate with restrictions on non-essential visitors and added health-screening checklists for employees and essential visitors. We are working with families to support connections with their loved ones through things like FaceTime or Skype.

### Here are a few ways you can support MOKA during this time:

- [Give financially](#) to support MOKA. We are experiencing a significant drop in revenue resulting from the temporary closure of several MOKA programs due to the Governor's Executive Order and CDC recommendations. We need your financial assistance to keep supporting those who depend on our programs.
- Know a family member or friend looking for a job? We are hiring for Residential Support Staff to provide essential services to individuals living in residential settings. All interviews

will be conducted by a virtual method (Skype, Facetime, etc) or by phone, apply online at [moka.org/careers](http://moka.org/careers).

\*\*For the most up-to-date information on what MOKA is doing during this outbreak, check out our website at [moka.org/covid19/](http://moka.org/covid19/)

### **Governor's Luncheon**

Several individuals from MOKA's Muskegon, Kent and Ottawa Community Supports program attended a Luncheon featuring Michigan's Governor Gretchen Whitmer. The individuals were able to hear the Governor speak on important Michigan issues and partake in this community forum with prominent community leaders from all over West Michigan.

This opportunity was supported through MOKA's Empowerment Fund, which provides funding to empower individuals served in MOKA's programs. To support the Empowerment Fund donate online at [moka.org/donate](http://moka.org/donate).

### **Kent CS Talent Show**

MOKA's Kent Community Supports Program held their annual talent show in late February.

Acts included dance performances, singing, spoken word and more. This event is a favorite for individuals from Kent Community Supports and staff alike.
