Welcome, Samantha Brigham to the MOKA Foundation!

Samantha will be serving as the Foundation's Executive Assistant. She comes to MOKA with a Bachelors in Advertising & Public Relations from Grand Valley State University and a lot of enthusiasm and passion for our mission.

On March 1-3, MOKA welcomed our 10th CARF survey. While the experience this year was virtual, we shared many of the same welcoming traditions CARF surveyors come to expect from MOKA. Four individuals we support in residential, employment and community supports programs led an excellent orientation presentation!
